Quarantine/Isolation in classroom setting for School Aged Individuals:

School Aged Individuals who are required to self-monitor are required to wear masks.

If a School Aged Individual has close contact during an outdoor extracurricular event or an indoor space where all individuals are spaced (6) feet apart, the School Aged Individual(s) may self-monitor in lieu of quarantine.

*In a classroom **where everyone is masked**, including the Initial Positive Case (the individual or School Aged Individual within the classroom who is first identified as COVID-19 positive), the initial Positive Case will isolate at home, and the remainder of the School Aged Individuals will self-monitor for symptoms.*

*In a classroom where the **Initial Positive Case is not masked**, the initial Positive Case will be isolated at home, and any School Aged Individual who had Close Contact will Quarantine at home.*

*In a classroom where **the Initial Positive Case is masked but others are not**, the initial Positive Case will isolate at home, those School Aged Individuals without masks who had Close Contact with Initial Positive Case who were exposed will Quarantine at home, and the remainder of the classroom will self-monitor for symptoms.*

*In a classroom where **no School Aged Individual was masked**, the Initial Positive Case will be isolated at home, and any School Aged Individual who had Close Contact with Initial Positive Case will Quarantine at home.*
